EPOS

Take Video Conferencing To a New Level

Innovation is the heart of EPOS. More inclusive and flexible meeting room solutions enables more productive, seamless meetings, no matter where in the world your customers or colleagues are located.

With EXPAND Vision 5 solution you will benefit from:

- The versatility of functions as an MTR, Zoom solution, or USB device.
- Designed for small and medium sized meeting spaces.
- Certified for Microsoft Teams Rooms and Zoom Rooms.
- Join third party meeting from Teams Rooms or Zoom Rooms.
- Supports dual screens.
- USB mode via Teams and Zoom meetings.
- Manage the devices from EPOS Manager, Teams Admin Center, or Zoom Web Portal.

Support is key to success

EPOS offers a 1-year complimentary Extended Meeting Room Service for all EXPAND Vision 5 solutions guarantees you expert support during trial, deployment, and post-installation.

Protect your investments

EPOS Extended Warranty program lets you extend the standard two-year warranty to up to five years to align with your hardware refresh lifecycles.

Award winning design

EXPAND Vision 5 and EXPAND Control has won several global awards for its Scandinavian, sleek, professional design and refined user experience.
